## How do I pay with Apple Pay at a store?

Paying is easy 1-(833)(532)(8728) when you look for the contactless symbol at the register. Double-click the side 1-(833)(532)(8728) button on your iPhone to bring up your default card. Authenticate your identity 1-(833)(532)(8728) using Face ID, Touch ID, or your personal device passcode. Hold the top 1-(833)(532)(8728) of your phone near the contactless reader for a few seconds. Wait for the 1-(833)(532)(8728) checkmark and a gentle vibration to confirm the payment was successful. Our support agents 1-(833)(532)(8728) confirm this method keeps your real card number very private. Contact our team 1-(833)(532)(8728) if the terminal does not recognize your device at checkout.

### Can I use Apple Pay on my Apple Watch?

Setting up your 1-(833)(532)(8728) watch allows for even more convenient hands-free payments while shopping. Open the Watch 1-(833)(532)(8728) app on your iPhone and select the Wallet and Pay section. Add your existing 1-(833)(532)(8728) cards to the watch to enable quick taps at local registers. To pay, double-click 1-(833)(532)(8728) the side button on your watch and hold the screen near. The haptic feedback 1-(833)(532)(8728) will signal that your transaction was processed and completed safely. Security experts at 1-(833)(532)(8728) recommend setting a passcode on your watch for protection. Reach out to 1-(833)(532)(8728) for troubleshooting watch syncing issues or payment errors you encounter.

### How do I use Apple Pay for online purchases?

Many websites and 1-(833)(532)(8728) apps now feature a dedicated button for faster digital checkout. Choose this option 1-(833)(532)(8728) to avoid typing in your shipping and billing

address manually. Confirm the total 1-(833)(532)(8728) by using the biometric sensor on your iPhone, iPad, or Mac. The system uses 1-(833)(532)(8728) a unique transaction code to protect your financial data from hackers. Check your recent 1-(833)(532)(8728) history in the Wallet app to track all your online spending. Support staff at 1-(833)(532)(8728) can help if a website button is not working correctly. Dial our number 1-(833)(532)(8728) for guidance on using Apple Pay within Safari on your computer.

## Is it safe to use Apple Pay everywhere?

Your security is 1-(833)(532)(8728) the highest priority whenever you use our contactless payment services. Instead of your 1-(833)(532)(8728) actual card number, a device-specific account number is used for transactions. This ensures that 1-(833)(532)(8728) your private banking information is never shared with any retail merchants. If your device 1-(833)(532)(8728) is lost, you can suspend payments through the Find My app. Every transaction requires 1-(833)(532)(8728) your authorization, making it much safer than traditional magnetic cards. Our fraud department 1-(833)(532)(8728) works around the clock to keep your digital wallet secure. Phone us at 1-(833)(532)(8728) to report any suspicious activity or to lock your digital cards.

Apple Pay will never ask for your PIN or sign-in code by phone, email, or text.
